

- Move the cocktail machine to the middle
- Here we will use **two self-refilling slushy machines with three flavours**. We will require **three machines in total** in case one breaks during the high season.

- We will create a Kids All-Inclusive drinks station. Previously, this station was located behind the bar and the offer was limited. Now, we will expand the selection and move it outside, featuring a Falky kids stand with the juices clearly displayed.

The idea of this station is to create a strong visual highlight for the kids while at the same time reducing the workload at the bar.

Considering the number of complaints regarding sugar content, the proposed beverage selection is:

- Fresko Lemonade Blueberry
- Fresko Lemonade Lime Mint
- Fresko Lemonade Raspberry
- Fresko Lemonade Tangerine
- Kiwi Soda
- Fresko Fresh Ice Tea Peach
- Fresko Classic Cola
- Fresko Classic Fanta
- Fresko Apple
- Fresko Pineapple

For this setup, we will require all machines to be equipped with the electronic self-regulating sugar system.
